CARPINTERIA

EXTRAORDINARIA

— VIVA MADERA —

BENISSA, ESPAÑA

DESDE 2008

VIVA MADERA!

We use recycled wood for the manufacture of our furniture. The majority of this wood comes from planks that have been previously used in the construction sector, which after a period of 2-3 years have to be replaced. Our company acquires those boards and recycles them to make furniture. The planks come with standard sizes, and can be used both outside or inside, providing a warm and welcoming atmosphere to any space.

This used and recycled wood has character and soul. Combined with simple designs, it leads us to create exclusive, unique and sustainable furniture. The wood begins its second life, Viva Madera!
